

Is Aetna Funding Advantage right for your business?

Been waiting for a health plan built with your business in mind? Now there's Aetna Funding Advantage. It can help your small business save big.

Trim down your health care costs

Large companies often use self-funded health plans to better control their health plan costs. Your small business can too with Aetna Funding Advantage. With savings potential as high as 25 percent* up front, you need to discover how our self-funded health plan could save your smaller business money. Take advantage of a health plan that's stable and offers you greater control over your costs.
