#### **Aetna EasyAppsOnline: Individual Medical Questionnaire updated and improved**

The Individual Medical Questionnaire (IMQ), which allows Aetna to prescreen employees electronically, has been enhanced. It now captures employee medical data in just three simple questions. The new form is easier to complete and will help us process information even quicker. The English IMQ is now available; the Spanish version is coming soon.

With Aetna EasyAppsOnline, you can say goodbye to AFA paper submissions – reducing errors and saving time. And it's free of charge to you!

To take advantage of the benefits Aetna EasyAppsOnline has to offer, simply log into [Producer World](#)<sup>®</sup> and click on the Quoting tab. Follow the prompts to get started. You will be contacted to schedule training and system setup.
