## Take another look at Blue View Vision

**We're leading the industry with the latest innovations in vision plans.**

Did you know?

- We now have 36,000 in-network eye doctors at more than 27,000 locations nationwide<sup>1</sup> — 80% are independent providers and 20% are retail vision stores.
- We provide combined administration when paired with an Anthem medical plan with local account management teams. We clinically integrate medical and vision claims data for more powerful insights.
- We offer 40% discount on a second pair of glasses.
- Vision care and support are available for members traveling abroad in 20 countries and territories.<sup>2</sup>

Our level of integration is unmatched. Watch this [new video](#) to learn more. Or contact your Anthem representative to discuss how Blue View Vision<sup>SM</sup> can benefit your clients.
