

Updated small group dental pricing

April 24, 2018

We simplified our rating methods to provide more competitive and consistent pricing for our small group dental clients. Beginning with July Dental Prime and Complete renewals, we will apply the same trend for all groups.

Based on competitive rate studies and marketplace feedback, we also are making several rating updates for small group dental new business with July 1, 2018 effective dates and later.

- We are consolidating our 5-9 and 10-25 group sizes to a single rating block of 5-25.
- Prior coverage will no longer be included as a rate factor. However, on applications please still complete the *with/without prior coverage* section because there is a waiting period for voluntary plans without prior coverage.
- While groups still have the option of choosing between a 12- or 24-month rate guarantee, a 24-month rate guarantee has the same rating as a 12-month rate guarantee.
- To provide more consistent pricing, we are consolidating our block of SIC codes from 6 to 2.

If you have any questions, contact your Small Group sales rep or our Connect team at connect@anthemdentaladmin.com or call 1-866-956-8602.
