

Specialty products not impacted by new self-employed legislation

July 17, 2018

Recent legislation has allowed small group employers to provide health care benefits to a self-employed person as defined in [Virginia Senate bill 672](#). We want to make it clear that this new legislation does *not* apply to our Specialty (dental, vision, life and disability) products.

Anthem's small group portfolio of Speciality products will not be available to self-employed persons or groups of 1.

- **For self-employed persons or groups of 1:** Individual dental and vision products are available.
- **For groups of 2 or more enrolled employees:** We will continue to offer the same suite of products currently available. See our [Small Group Producer Speciality Guide](#) for full details.
