

### **How are health benefits evolving?**

August 15, 2019

---

Good benefits help attract good employees. This [2019 National Health Benefits Statistics & Trends Report](#) can help as your group clients create a benefit package that'll do it. The report includes the latest outlook on health benefits, how companies design their benefit programs, and more. The health care landscape is always changing, but the report delivers on what's shaping workforce benefits today, like telehealth and high-performance networks.
