1095-A Mailings Underway

The 1095-A health coverage forms have been mailed by the Exchanges. 1095 health coverage forms provide an individual, spouse or dependent, enrolled in health insurance, proof of coverage and subsidy information.

The 1095-A form is mailed by the Exchange to on-Exchange members and includes:

- Information about anyone in the recipient's household who enrolled in a health plan through the Exchanges for any length of time in the previous year.
- Information about the monthly premiums paid to that health plan.
- The amount of any advance payments of the premium tax credit that were paid to that health plan in the previous year. These are the credits that lowered the monthly health insurance bills.
- The cost of a "benchmark" premium that the premium tax credit is based.

Should you have any questions, please contact your broker sales representative.
