CareFirst and Anne Arundel Medical Center Reach Contract Agreement

CareFirst BlueCross BlueShield and CareFirst BlueChoice (CareFirst) and Anne Arundel Medical Center (AAMC) have announced that they have reached a contract agreement and there will be no disruption in care or coverage for CareFirst members who receive health care at AAMC.

A new three-year contract, effective September 1, 2017, between CareFirst and AAMC will be signed. The agreement comes after a recent early termination proposal from AAMC to end its contract with CareFirst.

Should you have any questions, please contact your broker sales representative.

Sincerely,

Brian D. Pieninck
Chief Operating Officer
