

For brokers, general producers and full-service producers

*Not intended for distribution to groups or members*

November 29, 2018

**Market: ALL**

## Broker Hub Updates

The following list of enhanced features to the CareFirst Hub is scheduled to deploy tomorrow.

### Partner Approval for Enrollment Submissions

The enhanced enrollment approval functionality will allow partners to decide if they would like to review enrollment submitted by an employer or an agency before final submission to CareFirst. Partners can adjust these settings by navigating to the *Manage Enrollment* section on the group's landing page.

### Broker Single Sign On (SSO) to Further

Brokers will now have SSO access through the Broker Portal to the Further Blue Fund portal. Employers will need to grant this access to licensed brokers through the employer portal in order for the broker to use this new functionality.

### Producer Service Fee (PSF) Changes

Producer Service Fee (PSF) changes – For groups in the 51+ market with a January 2019 effective/renewal date or later, the invoice pages on the Broker and Employer Portals will now have a message to communicate PSF information. The PSF agreement may also be uploaded and stored separately in Broker Express and the CareFirst Hub.

If you have any questions about this information, please contact your CareFirst broker sales representative.
