## **BJ's Optical Leaves Vision Network**

Effective January 1, 2019, BJ's Optical no longer participates in the Davis Vision\* network. There is a total of 90 BJ's Optical providers being removed from the network nationwide.

BJ's Optical will notify members who have scheduled 2019 appointments that they no longer accept Davis Vision insurance.

Members can locate a new in-network provider at [www.carefirst.com/findadocvision](http://www.carefirst.com/findadocvision). Our national network currently includes more than 70,000 points of access – including ophthalmologists and optometrists – at both independent and retail locations.

Members may continue to visit BJ's Optical on an out-of-network basis but may face higher out-of-pocket costs.
