

Dominion's Ortho Discount Program

Dominion offers an Ortho Discount Program for both adults and children. This option is excellent for groups that do not currently have orthodontia coverage in their dental benefit, but would like to make it available on a voluntary basis to employees who can easily enroll on a direct-billing basis with Dominion.

Everyone is eligible to enroll by paying a one-time charge. Then, coverage and access to reduced orthodontic fees remains active for three years allowing plenty of time to complete a typical orthodontia case.

No deductibles, waiting periods
or lifetime maximums

Quality care at predetermined fees

Choose any in-network orthodontist
from one of the largest discount
networks in the Mid-Atlantic¹
