EASY PARTICIPATION REQUIREMENTS

Eliminating barriers through easy participation requirements

Dominion National knows the importance of a seamless and straightforward implementation. Our standard participation requirements make it easy for groups to choose and enroll in dental products regardless of their contribution model and number of eligible employees.

Highlights include:

- 1** Dental enrollment requirements are limited to two subscribers enrolled for all products with the exception of shelf PPOs, which require five subscribers enrolled 
- 2** No enrollment percentage requirements to worry about 
- 3** No re-pricing after enrollment 
- 4** Small voluntary groups have access to robust benefits including two-year rate guarantees, no waiting periods and more 

Vision plans are also available to groups with five or more eligible.
