Dominion National Launches New ePPO Dental Products

Arlington, VA - Dominion National, a leading dental insurer and administrator of dental and vision benefits headquartered in Arlington, Va., announced the launch of its new ePPO (Exclusive PPO) dental products that include national dental network access for employer groups with a minimum of two enrolled.

Dominion has been offering its popular Elite ePPO dental plan with fixed copayments, no waiting periods, rollover maximums and in-network only access to a narrow network in the Mid-Atlantic with over 9,000 dentist listings. Rates are typically much lower than traditional dental PPO plans. The new products, **Choice ePPO** and **Elite Plus ePPO**, include the following enhancements:

- National access to as many as 350,000 dentist listings
- Options with and without orthodontia coverage
- Implant coverage
- Two-year rate guarantee

"We have had a lot of requests to expand our Mid-Atlantic ePPO dental products to include national dental network access," said President Mike Davis. "We are excited to make these new plans available to existing and new customers so they can enjoy the value, savings and predictable, fixed copayments these products offer while enabling employers to extend these plans to employees located throughout the country."

About Dominion National
