Broker Alert

Individual Market Update

We would like to inform you that Evergreen Health plans **will not** be available for individual on and off-exchange markets for the 2017 plan year. We look forward to continuing to serve the Maryland small and large group markets.

Our conversion from a non-profit co-op to a for-profit company is moving forward with a strong group of investors so that Evergreen Health can continue provide the high-quality, affordable services that our members have come to expect from us.

Current individual market members who were sent renewal notices, and new applicants for 2017 individual market coverage, will be sent communication notifying them of these changes. This will instruct them to contact their broker to seek coverage for 2017 with another carrier. If your client has already paid for their January 2017 coverage, refunds will be processed via the method of payment received.

Thank you for being a champion and supporter of Evergreen Health.

Dustin Plantholt
Chief Sales Officer

If you have further questions, please contact your Sales Executive or brokers@evergreenmd.org.
