

September 30, 2016

FALL IS A BIG ALLERGY SEASON TOO.

Welcome to 2016.

The fall can be especially difficult for people who are sensitive to mold and ragweed pollen. But these seasonal elements aren't the only triggers that can make symptoms worse this time of year. There are also a few lesser known triggers. The four big ones in the Fall are hay fever, lingering warm weather, leaves and school allergens. This information is courtesy of the American Academy of Allergy and Immunology.

When these Fall allergies kick in, be sure that your employees remember that they can call Teladoc. Here is a flyer to remind them.

****NEW TRAVEL BENEFIT NOW AVAILABLE TO ALL HEALTHPERX MEMBERS****

There is no charge for this benefit and will allow your HealthPERX members access to discounts that are not available anywhere else. Members will only be able to access this benefit by registering and accessing it through their HealthPERX account through the [mymemberportal link](#). Once registered, all they need to do is click on the Affinity Travel Link and it will take them to the Affinity Travel site.

There are not catches to this. This platform will offer rates better than ANY online service like Expedia, Travelocity, Orbitz, Travelocity--it beats them all. Why? Because it is private and NOT available to the public. As an added feature, this comes with a low price guarantee. That means, if they happen to find the same room at a lower price on any online travel platform, the price will be matched or the difference will be refunded to them.

MAKE YOUR MEMBERS AWARE OF mymemberportal.com

This website is a great resource for everything. HealthPERX. Members can **now** register and see all their benefits by clicking on this link [click here to go to mymemberportal](http://mymemberportal.com). From there they can print/download their membership card **and** their membership kit. As always, if they can not locate their card and need their membership number and group code, have them call us at 888.417.6187, option #1. We will be happy to assist them.
