

THANKSGIVING IS COMING. WHEN SICKNESS HITS AT GRANDMOTHER'S HOUSE

As the holidays quickly approach, getting sick never comes at a convenient time. How many times have we gone out of town for the holidays for one or more family members to get sick? This is a perfect time to remember and use Teladoc. No one has to leave and find a doctor and miss valuable family time. Plus, the call costs you nothing.

Here is a great flyer that that you can post in your break room or email to your employees:

HAVE YOU CHECKED OUT OUR NEW FREE TRAVEL BENEFIT?

This benefit went live last month and the feedback has been great. There is no charge for this benefit and it will allow your HealthPERX members access to discounts that are not available anywhere else. Members will only be able to access this benefit by registering and accessing it through their HealthPERX account through the [mymemberportal link](#) . Once registered, all they need to do is click on the Affinity Travel Link and it will take them to the Affinity Travel site.

There are no catches to this. This platform will offer rates better than ANY online service like Expedia, Travelocity, Orbitz, Travelocity--it beats them all. Why? Because it is private and NOT available to the public. As an added feature, this comes with a low price guarantee. That means, if they happen to find the same room at a lower price on any online travel platform, the price will be matched or the difference will be refunded to them.

DOES YOUR PACKAGE INCLUDE A PHARMACY CARD?

If your package includes the pharmacy benefit, remind your employees that these are some of the advantages of using it:

- 10% to 85% off most medications
 - Over 60,000 participating pharmacies including Walgreens, Walmart, Target, Rite Aid and CVS
 - Online pricing tool- **RxPriceQuotes.com**. Member will be able to compare the price of a specific drug and their local pharmacies
 - If the pharmacy happens to be selling any maintenance medications for less than the contracted price, you will receive the pharmacy's best price
- Remember, pharmacy discounts are not insurance and are not intended as a substitute for insurance. The discount is only available at participating pharmacies.
