LET'S BRING DOWN YOUR INSURANCE COSTS. INCREASE YOUR TELEMEDICINE USAGE.

Welcome to 2016.

What's a great way to bring down insurance costs? It's obvious, keep your employees out of the doctor's office. Have them call Teladoc first. Of course, if they have an emergency or serious medical issue, they need to go to the doctor. However, if they have common ailments such as a cough, cold, UTI, pink eye etc., they can talk to a doctor 24/7/365 for free.

Here is a great flyer that that you can post in your break room or email to your employees:

WHY SHOULD YOUR EMPLOYEES REGISTER AT mymemberportal?

Why do I keep trying to get members to register at www.mymemberportal.com? From there, not only can members see all their benefits, they can directly link to Teladoc to register themselves and their family. They can print and/or download their membership card and kit. Also importantly, if they can't locate their card, once they have registered, all they have to do is login and reprint/download their card. They don't need their Group ID and Member ID, just their email address and password.

If they can't locate their membership card, no problem, have them call us at **1.888.417.6187**, **option 1** or email me at ann@hperx.com. They can also reach out to New Benefits at 1-800-800-7616.
