SUMMER VACATIONS ARE COMING. TIME TO REMIND YOUR EMPLOYEES TO USE TELADOC FIRST WHEN TRAVELING.

Welcome to 2016.

School will be out in the next few weeks in most school systems around the country. That means that summer vacations will be starting. Unfortunately, employees and their family members can get sick when they're away from home. It's now time to remind them to take their HealthPERX card with them when they go on vacation. That way, they can call Teladoc first before going to an urgent care clinic or the emergency room.

Here's a flyer you can send to your employees or post in the break room
[Do not let a cold keep you from vacation](#)

DO YOUR EMPLOYEES AND THEIR FAMILY MEMBERS HAVE THEIR HEALTHPERX CARD?

We get calls almost daily from members who can not locate their membership card. We want to make sure that when they need to talk to a doctor, they have everything they need to do it right then and there. What can you do? First of all, after you remind them about their telemedicine benefit, ask them if they can locate their HealthPERX card. If they can not locate their membership card, call us at **1.888.417.6187 option 1** or New Benefits at **800.800.7616**. They can get their Group code and Member ID from either number. New Benefits does have Saturday hours. We will be able to help them get a new card when they call.

In addition, we are always happy to send you a list of your employees Member ID's so if they

ever come to you, you will also have this information on hand. Just email us at ann@hperx.com and we will send you a list of all your HealthPERX members' information. Then they can go to www.mymemberportal.com to register and print and/or download their membership card and kit.

DOES YOUR GROUP HAVE OUR FREE PHARMACY CARD DISCOUNT PROGRAM?

Why would you want our pharmacy discount card when most companies offer pharmacy benefits with their health insurance? There are several reasons. First, not all drugs are covered under every insurance policy. Second, there are drugs that are generally never included in a insurance pharmacy benefit such as cosmetic prescriptions or human drugs that are used on your pet to name a few.

Our pharmacy benefit is a free benefit. If you want it and don't currently have it, let us know, we can add it to your package. Here are some of the benefits of our pharmacy discount card:

Don't pay full price! Save 10% to 85% on most prescriptions at over 60,000 pharmacies. Just present your card to save an average of 46% at locations nationwide.

How to Use

- Click Get Drug Prices or call 800.800.7616 Monday to Friday, 7:00 am to 7:00 pm and Saturday, 8:00 am to 5:00 pm Central Time to find a participating pharmacy and compare prescription prices by location
- To search for a participating pharmacy and find prices go to www.rxpricequotes.com
- Present your membership card and prescription at the pharmacy to receive the lowest price
- Participating pharmacies include CVS, Walgreens, Target and many other independent, national and regional chains
- Even if you have insurance, present both cards at the pharmacy to receive the lowest price
