

HAVE YOUR EMPLOYEES ADDED THEIR DEPENDENTS WITH TELADOC ?

Welcome to 2016.

Nobody knows when they will need to call Teladoc and talk to a doctor. Yet, when they need a doctor, they want to talk to one and receive treatment as soon as possible. What is the quickest way to talk to a doctor for themselves or a family member? They simply need to complete their medical history with Teladoc and add their dependents. If they do it now, when they need to talk to doctor, there will be no delay.

Here is a great flyer about how to add dependents:
[Set Up Your Dependents](#)

DO WE HAVE YOUR EMPLOYEES' EMAIL ADDRESSES?

We want your employees to use their telemedicine benefit as much as you do. We want to save your company money. We want to minimize lost productivity by reminding your employees about this important benefit. One important tool that we use is our monthly newsletter. Unfortunately, if we don't have your employees' email addresses, we can't send them our newsletters.

Not sure if we have your employees' email addresses? Just email us at ann@hperx.com and we can send you a list of who we do have. Or, you can send us your employee email list and we can make sure that everyone is on our newsletter distribution list. Don't worry, we don't share these email addresses with anyone else and we only send one communication monthly.

CAN WE TALK TO YOU ABOUT INCREASING YOUR UTILIZATION RATES?

At HealthPERX, we try to work to keep your telemedicine benefit front of mind with your

employees. Do you want to get better utilization from your employees? If you do, let us try to help you. Contact us by phone or email at ann@hperx.com or by calling us at 888-417-6187, option #1.

We hope to hear from you!
