### Can we talk?

Dear Heather,

Last month I spoke about increasing utilization. I didn't hear from too many people. So, if you are interested, please reach out to me, just click on the link below and we can set up a time to go through your utilization numbers and things we can do to make it the best it can be. We have some different ideas that we have used with groups to increase registration and greatly increased utilization.

### It's cold and flu season, time to remind your employees of their telehealth benefit.

Going to the doctor can be expensive, but it doesn't have to be. Your employees can talk to the doctor 24/7/365. Most of our clients have a \$0 copay.

Here a great flyer to post in your breakroom or send to your employees.
