Coming Soon: Abingdon Medical Center in Harford County, Maryland

Making our services even more convenient for residents in and near Harford County and furthering our investment in Baltimore area.

The new Abingdon Medical Center, opening on April 24, will expand our model of coordinated care to Harford County and the surrounding communities.

Located at **3400 Box Hill Corporate Center Drive, Suite 100**, Abingdon Medical Center will house:

- Family medicine
- Pharmacy
- Laboratory
- Radiology (services include: bone density, general radiology, and mammography)

The Abingdon Medical Center website, kp.org/abingdon, went live on March 16 with information about the services offered at the new facility.

In the coming weeks, Kaiser Permanente members may learn about the new medical center via direct mail, information posted in our medical centers, and various forms of advertising.
