## New Myth Busters Training Videos

We all hear myths about Kaiser Permanente from our groups and members, but how do we know what's fact versus fiction and how can we respond to make sure everyone knows the truth about Kaiser Permanente service and care?

We have just released two new broker learning videos that help bust myths about Kaiser Permanente's doctors, access and member care. These videos will help you identify a myth when you hear one, learn the truth about Kaiser Permanente services and care, and provide talking points for you to share with your clients and peers. Watch each 8 to 10-minute video below and start busting myths today!

- [Myth Busters: Kaiser Permanente Doctors](#)
- [Myth Busters: Kaiser Permanente Access and Member Care](#)

Can't get enough learning videos? These Myth Busting videos are just two of many in our learning series, which we continue to build for our broker community. To view the full set of training opportunities, visit our new [Training Center page on BrokerNet](#).
