

## MULTISITE PLAN

# Cover your employees, wherever they are

A BETTER WAY TO TAKE CARE OF BUSINESS

## Consistent benefits across all regions

If your employees are spread across multiple states, make sure they get the care they deserve with the Kaiser Permanente Multisite Plan. Standardized benefits and predetermined rates help you avoid a lengthy and complicated regional rating process. And all your employees and retirees can get access to high-quality care in any Kaiser Permanente service area — helping to control costs, improve engagement, and reduce absenteeism.<sup>1</sup>

## Easier administration

- **Your rates will be valid for the entire renewal period.**
- **You'll receive an invoice from each service area** in which you have a Kaiser Permanente Multisite Plan contract.
- **You can choose to have a single point of contact or an individual account manager** in each service area.
- **Benefit levels include basic, standard and comprehensive,** and include HMO, deductible HMO, and HDHP options.<sup>2</sup> Your choice of benefit level will apply to all active employees and early retirees covered by the plan.

**You can cover your Medicare-eligible employees and retirees** with the Multisite Plan.<sup>3</sup>

## Top-rated health plans in every state we serve

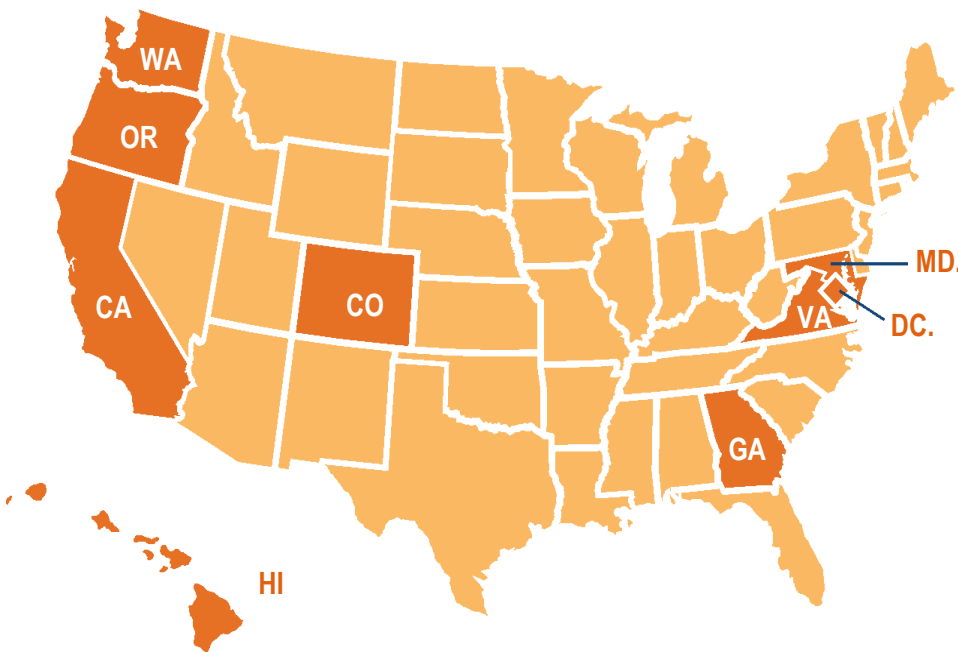

Out of more than 500 health plans reviewed across the country by the National Committee for Quality Assurance we had top-rated commercial plans in every state we serve plus the District of Columbia<sup>4</sup>

 KAISER PERMANENTE.

## More employee choice

The Multisite Plan is designed for large groups that have employees located outside the group's home region. For employees who aren't already covered, you can offer other health plans along with our Multisite Plan. The other plans must offer similar benefits under similar conditions, such as employer contribution levels and employee eligibility.

### The Kaiser Permanente Landscape

**12.3 million members**  
**22,914 physicians**  
**59,127 nurses**

**746 hospitals, medical offices,  
 and other facilities<sup>5</sup>**

For more information about the Kaiser Permanente Multisite Plan, including regional benefits and rates, contact your sales representative or account manager.

<sup>1</sup> There may be slight variation in coverage among service areas depending on selected benefit level.

<sup>2</sup> Some benefit levels may not be available in every region.

<sup>3</sup> If employees and retirees aren't eligible for Medicare, or haven't elected Medicare Part B despite being eligible, they don't qualify for this option. In some states, options may be available to Medicare-eligible employees who work in the service area but reside outside of it. Each region has different requirements, so check with your account manager for more information.

<sup>4</sup> *National Committee for Quality Assurance's Health Insurance Plan Ratings for 2018-2019*; Kaiser Permanente has the highest rated commercial and Medicare plan (or is tied for the highest) in every geographic region we serve; nationwide, only 14 health plans received the highest possible rating (5.0 out of 5.0). Nine of those 14 are Kaiser Permanente health plans; for the third year in a row, Kaiser Permanente is the only health care organization in the country to have a health plan rate 5.0 for both its Medicare and commercial populations.

<sup>5</sup> *2018 Annual Report*, Kaiser Permanente, July 2019.
