

Great news! VSP[®] plans will now include Walmart and Sam's Club in network for Principal[®] groups

Now, your clients who offer Principal Managed Care Vision coverage have even more providers for their employees to choose from. We're pleased to welcome Walmart and Sam's Club as in-network providers, effective Sept. 1, 2019 *

The result: More providers in both big cities and rural areas—9,579 new access points, and a total of 99,834 access points nationally.

Managed Care Vision, offered through Principal and VSP Vision Care, provides flexibility, savings, and choice—with an established network of providers. This full-service option includes both retail chains and independent providers to offer the best quality care for your clients' employees and their families.

*Arkansas Walmarts/Sam's Clubs will be added to the network effective 1/1/2020.
