

Starmark[®] and Trustmark – Seamless Integration for our Self-funded Clients

Starmark and Trustmark are affiliates and have a long history of serving their customers. Because Starmark administers its clients' self-funded plans and Trustmark provides the stop-loss insurance, your clients benefit. Here's how:

Trusted Partner Relationship. Starmark and Trustmark hold true to three core corporate values: Personal, Flexible and Trusted. We follow through on our commitments, provide personal service, and offer innovative, customizable products that help provide cost stability in the changing marketplace.

No Second Guessing. Stop-loss carriers may question and audit claims and are not obligated to pay the claims in the event it disagrees with the third-party administrator's decision. However, because Trustmark Life and Starmark are affiliates, Trustmark supports the decisions of Starmark.

Reputable and Financially Secure. Starmark has been administering the healthcare benefit needs of small businesses since 1985. Trustmark has more than 100 years in the industry and is rated A- (Excellent) by A.M. Best. With its long history, Starmark and Trustmark will continue to provide exceptional service for its customers.

Starmark is a leader in self-funding for small employers. When your clients choose Starmark they get the expertise, personal service and seamless integration of claims payment, administration and benefits to ensure the transition to self-funding is smooth and successful. Plus, Starmark offers nationwide network access through Cigna and Aetna Signature Administrators.

Less Risk for the Employer. Starmark's self-funded plan designs with stop-loss insurance include advance funding. This means that if an employer has a large eligible claim but there isn't enough money in the pre-fund account, the employer is not responsible for paying the large claim upfront. The eligible claim will be paid and then the funds recovered in the following months as money is deposited in the claim pre-fund account.
