More than 60% of all personal bankruptcies in America are due to medical bills.¹

Out-of-pocket medical expenses for Cancer average \$35,000.²

No one plans on getting sick . . . But just in case, we've got you covered.

Critical illnesses, such as heart attack, cancer and stroke, happen every day. They can have serious consequences, both physical and financial. To maintain your lifestyle and help you recover, you may need some financial help.

Are your savings enough to pay your bills?

While you're being treated for a critical illness, your income could be affected for 3 to 6 months. Most families do not have enough savings to keep up with:

- Rent or Mortgage Payments
- Car Payments
- Credit Card Debt
- Childcare
- Savings for College & Retirement
- Household Expenses

Critical illnesses are expensive

Simply put, critical illnesses cost money. Even with medical insurance, out-of-pocket expenses like these can pile up quickly:

- Medical Deductibles and Co-Pays
- Out-Of-Network Specialists
- Prescriptions
- Rehabilitation
- Nursing Care
- Medical Travel

Would a check for \$20,000 help?

Critical Illness Champion pays you cash immediately. Upon diagnosis, we send a lump sum check directly to you. You can use your cash benefit however you choose—to help with your everyday living expenses, pay your out-of-pocket medical costs or replace lost income. Your benefit is paid in full regardless of any other insurance you may have.
