Important Business Updates

Small group Aetna Funding AdvantageSM portfolio refresh

You're our most important business partner, so we've enhanced our portfolio to make it easier for you to serve your clients.

The changes will:

- Make Aetna Funding Advantage plans more competitive
- Give your clients more flexibility
- Increase access to convenient, affordable care for members
- Make it easier to work with us

You can jump into our [Selling Aetna Funding Advantage made easy](#) toolkit. Or you can first skim the new changes below.

Plan changes

Your clients can choose from new standard plan options that offer improved cost flexibility. Employers can increase in-network cost sharing to lower costs and keep health care affordable. Or they can decrease in-network cost-sharing to improve benefits to help retain employees.

Program changes

Employees should be able to access care that's affordable. We're working to remove financial and access barriers to care with our new Aetna Funding Advantage portfolio. Members can access certain in-network services at \$0 cost-sharing** under the medical plan, pharmacy plan or programs offered.

Click [here](#) to learn about plan and programs changes.

Administrative changes

- Streamlined employer application - The small group Aetna Funding Advantage employer application is now easier to complete. Your clients will fill out a simpler, clearer form.
- Consolidated quoting forms - Instead of submitting a quote cover sheet and census template, you now just have to fill out the one combined document. It's also the same now for groups of 2 to 100 employees.

Get ready to sell Aetna Funding Advantage to your clients with 2-100 employees by using our toolkit on Producer World.

* Excludes CA, KY, MD, ME, NC and NV.

** If the member is enrolled in a qualified high-deductible health plan, they can receive preventive services at no cost. To receive no-cost care on all covered non-preventive services, the member will first need to meet their deductible.

Indemnity plans will generally apply the plan's deductible and coinsurance. Refer to plan documents for cost-sharing and additional plan details.
