

When we introduced our virtual Continuing Education (CE) courses last month, they reached the registration maximum in record time! But not to worry – we have added more classes so you can continue to expand your knowledge base and get the CE credits you need.

These new sessions are now open for registration. The topics are relevant to all size markets. There is no charge, and you can register for any or all of the topics below. Class size is limited, so register today!

Upcoming Virtual CE Courses

(One hour credit each)

Be sure to register with your FULL name as noted on your license.

If a partial name is entered, you will not receive CE credit.

Thursday, 5/14/20, 11am ET
