## Paycheck Protection Program reopens enrollment window for Small Groups

We're here to help you support your clients by sharing information about the Paycheck Protection Program (PPP).

The PPP, offered by the U.S. Small Business Administration (SBA), is a loan designed to help small businesses keep their workers employed during the COVID-19 pandemic. PPP loans can be used to help fund payroll, benefits, and other expenses like rent and utilities.

The SBA is now taking new applications from eligible small businesses who have been impacted by COVID-19.
