ACA plans may be better for your grandfathered clients

Your grandfathered Individual Anthem clients may receive more comprehensive benefits and lower premiums with Anthem Marketplace plans. The American Rescue Plan (ARP) added new subsidies and extended eligibility requirements that make Marketplace plans more accessible and affordable for many people.

Anthem Marketplace plans offer preventive care at no cost and cover the Affordable Care Act's (ACA) essential health benefits. And when your grandfathered clients switch to an Anthem Marketplace plan, any amounts already paid toward their current Anthem plan's deductible and out-of-pocket maximum will apply to their new Anthem plan. They may also enjoy certain benefits offered by a fully ACA-compliant plan that aren't included in their current grandfathered plan.
