HRA Wrap is a solution for non-consumer-driven plans

December 1, 2021

HRA Wrap pairs with our non-consumer-driven medical plans. It allows employers to fund a Health Reimbursement Account (HRA) that employees can use to pay for expenses defined by the employer. The HRA Wrap plan operates like our member pay HRA plans. HRA funds are accessible through an Anthem branded debit card or reimbursement through [anthem.com](https://www.anthem.com) or the SydneySM Health app. The HRA wrap plan must be set up as member pay, it cannot be set up as provider pay.
