Candid no longer part of Ortho@Home program

March 3, 2022

Candid is no longer part of our Ortho@Home program. They are leaving the direct-to-consumer market to focus on working directly through dentist offices. They will complete care for members who have started treatment, but will not take any new patients.

Members with Ortho@Home coverage will continue to have access to our tele-orthodontia benefits and to our network providers, SmileDirectClub and byte. Members can also find Ortho@Home providers through Find Care on **our website** (<http://www.anthem.com>) or with the SydneySM Health mobile app.

Please contact your sales representative if you would like more information.
