# Help your clients obtain plan benefit information in their language

June 9, 2022

Your clients can receive phone assistance and translations of their Summary of Benefits and Coverage (SBC) if they need help understanding their plan benefits in their native language. The SBC is a 12-page policy review covering all benefits and features of our plans.

You or your client can call Language Access Services at 888-254-2721 for assistance by phone. This information and phone number are also printed on page 8 of every SBC.

All Standard Plan SBCs are automatically available in English and Spanish on our [SBC Document Posting Site](#). If you would like to request an SBC in another language, please contact your Broker Services Representative, or have your client call the customer service number on the back of their Member ID Card.
