Benefit Clarification to Blue High Performance NetworkSM (BlueHPNSM) -- Virtual Connect

Please note a clarification on the virtual connect benefit available on Blue High Performance NetworkSM (BlueHPNSM). Primary care and mental health visits are available at \$0 through CloseKnit, but physical therapy through CloseKnit is not available at \$0. CloseKnit will still be able to provide virtual physical therapy to members, but it will follow the regular cost share for that benefit (dependent on option selected).

Additional Resources

All marketing materials and benefit summaries are updated and posted to the broker website and broker portal.

Please refer to the [February 3](#) broker news for more information on BlueHPN.
